### Merrimack County wants to help show *you* the money!

**Concord, NH** – Made possible by the County of Merrimack, the Foundation Directory online grant search database is now available for nonprofit organizations and others who wish to search for funding sources, including those that would likely not be discovered via standard search engines. From every day operational costs to special projects, Foundation Directory gives you access to the information your agency needs to be smart and strategic with your funding requests.

While Foundation Directory searches are simple and effective, Merrimack County recognizes that new tools can be intimidating and overwhelming. For that reason, Merrimack County invites you to schedule a time for one-on-one guidance on how to utilize this new database. This free service is offered at the Concord campus located at 163 North Main St., Concord, NH.

To make an appointment, please contact:

The screenshot shows a search interface with several filter sections: 'Subject Area' (with a dropdown menu open), 'Geographic Focus' (set to New Hampshire), 'Population Served', 'Location', and 'Who's Who'. A 'SEARCH' button is located at the bottom right of the filter area.

(Pictured here are a few of the many categories under “Subject Area” of the online database search tool. Search results can be emailed to your agency free of charge for future use and reference.)
